Encounter Notifications

CurrentCareRI.org/ DataGuide

Encounter Notifications are provided free of charge to authorized clinical teams. Not available for patients who have opted out of CurrentCare Data Sharing.

Accessing Population Explorer

- Your HIE Admins can grant you access to Population Explorer.
- It is displayed in the right pane of <u>CurrentCare Portal</u>.
- To open the full view, click any patient row or the blue bar.

▲ Hide	«	<	2	of 27	>	»	£	Y Y

- Each encounter has a row.
- All related patient events are consolidated into one encounter row.
- Each page shows 25 notifications.
- Use Arrows to move between pages or jump to a page by typing in the number.

NOTE:

Historical encounter data will not be migrated to the new CurrentCare platform. Encounter history will not be accurate until 180 days after go-live for each facility who shares data into CurrentCare.

This began in January 2025 and will continue throughout April and beyond.

Follow our DataGuide for updates on the timing of encounter data: <u>CurrentCareRI.org/DataGuide</u>

- Notification updates are fetched every 25 minutes but are not automatically loaded to the interface to avoid interrupting user workflows.
- After a sync occurs, new notifications appear automatically in a red icon at the top of the list. Click the 'Refresh' icon to load any new notifications.
- "No data to display" will appear until a notification is received.
- If there are new notifications in a different panel you're not currently viewing, a small red icon appears in the upper-right corner.
