## Clinical Data > Encounters

- ***All***
- ***Hospital***
- ***Outpatient***

# Clinical Data > Encounters > All

1. The **Clinical Data** menu icon is selected
2. **Encounters** is the default tab
3. The **ALL** tab is the default, showing all encounters for the patient, including diagnosis and Discharge Disposition.

Be sure to look at the **Hospital** tab to view Admit Reason and Length of Stay.

# Clinical Data > Encounters > All

1. You can quickly **apply** filters using either single or multiple criteria
2. To **clear** filters, click the X as shown here at the top left of the screen

The screenshot displays the HIE InContext interface for patient ADAM DEMOSKY (Male | Nov 30, 1990). The main navigation bar includes tabs for ENCOUNTERS, HEALTH RECORDS, STRUCTURED DOCUMENTS, ALLERGIES, PROBLEMS, and IMMUNIZATIONS. Below this, there are sub-tabs for ALL, HOSPITAL, and OUTPATIENT. The 'All Encounters' section shows a filter for 'Patient Class: Observation' with a clear 'X' button. A table of encounters is visible, with the 'Patient Class' column highlighted in orange. A 'FILTERS' dropdown menu is open, showing options for Ambulatory, Emergency, Inpatient, and Observation (which is checked and highlighted in orange). Callout '1' points to the filter menu, and callout '2' points to the clear 'X' button.

# Clinical Data > Health Records > Clinical Notes (CoCs)

1. The **Clinical Notes** tab shows a Discharge CoC document from RI Hospital
2. Click anywhere on the **Clinical Notes** line to open it
3. The **CoC report** will display

- *Note: CoC documents are usually **available at discharge** and include encounter-specific details such as meds and discharge disposition.*

# Clinical Data > Health Records > Clinical Notes (**Discharge Summaries**)

- **Discharge Summaries** may include a reason for hospitalization, discharge condition, and patient & family instructions. Frequently will contain Hospital Course/Progress notes.
- Organizations may send documents with different names. In this example, the Clinical Notes tab shows a description of “**ED Physician Notes**”

## Episodic Summary of Care Document

For those practices who are data-sharing partners with CurrentCare, the CCD is a summary of care from the patient's visit.

1. The table links to information such as medications and procedures that were captured during the patient's visit.
2. The document can be downloaded as a PDF by clicking the arrow at the top right of the screen

# Clinical Data > Structured Documents > National Networks

- National Networks may include CCDs from organizations that are part of eHealthExchange. This may include data from the VA Administration and other national networks.
- <https://ehealthexchange.org/>

The screenshot displays the HIE InContext interface for a patient named ADAM DEMOSKY, born on Nov 30, 1990. The interface is divided into several sections:

- Header:** HIE InContext logo on the left, patient name and date of birth on the right, and a notification bell icon with a '0' badge.
- Navigation Tabs:** ENCOUNTERS, HEALTH RECORDS, STRUCTURED DOCUMENTS (highlighted with an orange box), ALLERGIES, PROBLEMS, IMMUNIZATIONS.
- Filtering:** A vertical sidebar on the left contains icons for user profile, home, search, and other functions. The 'National Networks' filter is selected and highlighted with an orange box, showing a count of 0. Other filters include ALL (2) and HIE (2).
- Table:** A table titled 'National Networks Structured Documents' is shown. The table has columns for Date, Source, Title, Type, and Size (KB). The table is currently empty, displaying 'No Documents available'.
- Footer:** A pagination control at the bottom right shows 'Rows per page: 25' and '0-0 of 0'.
